WELCOME TO WARSAW AND MAZURY

Warsaw is the „phoenix” of Europe, a city that has literally risen from ashes, completely destroyed during WWII and later meticulously rebuilt, is now one of the quirkiest and most inspiring capitals you could ever imagine. This new cosmopolitan heart of Central Europe is a perfect symbol of history – through renaissance architecture, modernism, Soviet-era concrete to modern skyscrapers, the city has seen it all and is now the most architecturally diverse city in Europe.

Whether you’re looking for a party on the beach, great pub crawl, vodka tasting, historical sightseeing or a DJ party on the 40th floor of Marriott Hotel – it is all there for you!

WELCOME TO WARSAW AND MAZURY

Mazury Lake District is first and foremost, magnificent nature. The lakes provide a refuge for birds (white eagles, cormorants, Pandion haliaetus, black storks) and the wilderness of the Piska and Borecka Forests are inhabited by bison, foxes, martens and muskrats. The lakes are well connected by rivers and canals, forming an extensive system of waterways.

The whole area is a **prime tourist destination**, frequented by boating enthusiasts, canoeists, anglers, hikers, bikers and nature-lovers. It is one of the most famous lake districts in Central Europe and a popular vacation spot, with the highest number of visitors every year.

During this trip we will make you experience both – a modern capital and a refuge in the lake resort/
